Financial assistance is available to eligible patients who cannot afford to pay for their healthcare services. Eligibility is determined by family income, size and other factors. Patients whose gross family income is at or below 500% of the federal poverty guidelines for their family size will be eligible for financial assistance and will not be charged more than the current amounts generally billed (more information regarding this calculation is available in the full financial assistance policy). Financial assistance is always considered secondary to all other sources of coverage.

You may call our screeners at 337-494-4637 or visit at 1701 Oak Park Blvd, for questions or to obtain a copy of our policy.
