

## **TRAUMA PROGRAM 2022-2023 SPONSORSHIPS**

**[www.LCMH.com/Trauma](http://www.LCMH.com/Trauma)**

On behalf of Lake Charles Memorial Health System and the Level III Trauma Center, we are honored to invite you to participate our first annual Trauma Symposium. The event is scheduled for November 2, 2022 in Lake Charles, Louisiana. The Trauma Symposium is a full-day program with an audience of over 100 nurses, physicians, EMS providers, and other allied healthcare professionals responsible for the provision of trauma care. Our goal is to present compelling educational information and encourage ongoing work to mature the trauma system of care while focusing on achieving the best outcomes and navigating obstacles. We are open to learning about any topic you feel passionate about, but specific areas of interest to us are Pediatric Trauma, OB Trauma, Mass Casualty Events, and any newer evidence-based practices/protocols.

Your sponsorship will support the Lake Charles Memorial Health System's Trauma Program through our Foundation. The Trauma Program includes education, prevention awareness and outreach initiatives such as the **Annual Trauma Symposium** for medical professionals, the **Sudden Impact Program** (a 360-degree safety program for high school students), and **Stop the Bleed program** (education on applying tourniquets and packing wounds).
